Missionary Killed In Paris

Miss Edith Helen Bentley of Provo, a missionary for the Church of Jesus Christ of Latter-day Saints in France, was killed Monday in a traffic accident in Paris.

MISSION OFFICIALS said she was riding a bicycle from her residence on the outskirts of Paris to the Mormon chapel in the city when she was struck by an automobile.

She died several hours later in a Paris hospital.

Miss Bentley, 22, resided at 1040 Cedar Avenue. She was born July 19, 1943, a daughter of Valentine and Phoebe A. Smith Bentley.

Concert Violinist To Perform

As a recitalist and soloist with symphony orchestras he has performed in many countries of Europe, in the near East, and in America.

University of Illinois violinist Paul Rolland appears in concert Wednesday night in the Harris Fine Arts Center plus conducting a clinic earlier in the day.

Congress comes to a close, Senate Minority Leader Bennett M. Dirksen and Utah's Senator Wallace F. Bennett appear to be all wound up in last minute business instead it's the 56-foot telegram sent by BYU.

IS. Senators Receive Student U.N. Telegram

It has come from Utah Senator Wallace F. Bennett that the telegram sent by the BYU Republicans sent by over 2,000 students on it was received at the end of the 89th Congressional session.

TELETYPE came right after the forces to block the renewal of the 14 (b) of the Taft-Hartley act proved successful.

Senate Minority Leader Everett Dirksen of Illinois was "delighted" in the message and was that BYU students supported

the action carried out by his forces.

THE TELEGRAM was directed by Young Republican President Jim Avery. The original intent was to send the telegram to Senator Bennett so he could read it during the filibuster.

Mike Mansfield, Senate majority leader, however, finally agreed to postpone legislation that would repeal part of the Taft-Hartley act until Congress's next session.

THE DEFEAT was the first major obstacle in President Johnson's legislative program.

Entrance-Way Nears Finish

The new west entrance-way to the campus is nearly finished.

As the construction workers make their final touches and the men from Physical Plant move in to plant grass and shrubs, those who made it possible should be congratulated. There has been a need for a beautiful and functional entrance-way for a long time. Over the past few years, many groups have discussed such a project, but nothing ever came of it. Now, finally, the Administration has pushed the cause to its completion.

The design and placement of the structures adds to the impression one gets as he enters the campus. The BYU campus is one

of the most beautiful in the West and this new entrance-way adds to its beauty. The entrance-way sets the campus off from the surrounding business area and provides a portal to enter the "atmosphere of learning."

It will serve as a reminder, to all those who enter, of the purpose for which they come. As each person comes to the campus, he should realize that he does "Enter to learn" and will ultimately "Go forth to serve."

The entrance-way is a reality. The Administration has provided the means to construct it. Each student now has the responsibility to make it significant.

Draft Card Burning No Joke

Last Friday a BYU student threatened to burn his draft card.

Whether this threat was joking, trying to get attention or serious, his attempt brought to mind the seriousness of draft card burning.

Destruction of a draft card is a symbolic way of protesting Selective Service policy. But it doesn't eliminate the possibility of being drafted since the real records are in the possession of the Selective Service system and the local boards.

The draft card burners across the U.S. appear to be receiving an unwarranted amount of attention, which undoubtedly is precisely what they want. Some burners obviously hope to become martyrs and per-

haps will be. The U. S. Justice Dept. is ready to prosecute under a recently enacted law providing heavy penalties—a fine of up to \$10,000 dollars or a prison term of five years. The same penalties apply to those who forge or alter the cards in an attempt to evade the draft or gain some other benefit.

In addition to attracting the attention of the Justice Dept., the demonstrators could be speeding up their entry into military service by calling themselves to the attention of local draft boards.

Draft card burning is a futile act. Yet it has its dangerous aspects. For it is deliberate effort to defy the law and, by example, to encourage others to do the same.

Off-Year Elections . . .

Lindsay, Beame Still Neck 'n Neck

NEW YORK (AP)—Republican John V. Lindsay and Abraham D. Beame steamed down the home stretch of New York's mayoralty election late Tuesday night in one of the closest elections in the city's history.

The latest count reads with 50 percent of the returns in Lindsay: 563,071. Beame: 550,738. Buckley: 160,620.

AWS Subject To Assembly By New Law

The ASBYU Assembly passed a statute law putting the Associated Women's Students' constitution under the ASBYU constitution Monday night according to Jim Fox, president.

IF THE AWS should violate any part of the ASBYU constitution the assembly now has the authority to take action. The AWS is also subject to a review by the assembly once a year.

The Inter-Organization Council constitution is under consideration of the Assembly, said Fox. The past powers of the IOC is now being reviewed, he said.

THE ASSEMBLY also elected J. D. Williams as the President pro-tem of the Assembly. Should the need arise, he would take over the duties of Jim Fox, the current president.

in off-year elections that saw New Jersey Gov. Richard J. Hughes, a Democrat, sweep to his second term on the crest of a landslide, while Lt. Gov. Mills E. Godwin Jr. beat a Republican challenger to become Virginia's 21st Democratic Governor in a row.

A Republican, Clarence Brown Jr., won the nation's only congressional race—in an Ohio district which has gone Democratic only twice in this century.

BROWN, a 38-year-old newspaper publisher, won the 7th district seat his late father held for 27 years by beating Democratic James A. Berry.

In Philadelphia, Arlen Specter—

a registered Democrat running as the Republican nominee—beat Dist. Atty. James C. Crumlish Jr. The GOP triumph snapped a 12-year Democratic hold on city-wide offices.

Pollsters had forecast a more substantial showing for Buckley—and said he could play spoiler for either of the two top candidates.

LINDSAY SPUN a slender early lead but Beame, now City Comptroller, surged out in front—again, by a narrow margin—as the vote rolled in from his home borough of Brooklyn.

Not since Fiorello La Guardia left office, 20 years ago, has a Republican been mayor of New York.

Reply to Buchanan

Dear Sirs:

Tuesday's Letters to the Editor column, Mr. Buchanan referred to our "militant militarism," and our effort to "celebrate" the war with "war movies." He closed implying that marches supporting our policy in Viet Nam are just as wrong as the marches against it.

I, TOO, had many questions about this type of demonstration; but I resolved them with this thought: Suppose that when the 10,000 Berkeley marchers paraded to Sacramento, we had had 50,000 people marching behind in support of the government.

Which would have made the news? How would our soldiers have felt reading of the massive support they had at home? How would the Communists have felt reading of the overwhelming support of the American people?

I DO NOT agree with his statement that moral support is easy to give. Out of 19,000 BYU students, 6,500 were willing to sign their names. Out of 7,000 New Yorkers, 25,000 marching in support of their government.

It is moral support that has led to the end of the Christian card drives, petitions, etc., all across the nation. I believe there are many ways to fight Communism. But I believe the best of these is moral support. If you doubt this, read the November 1, 1965 issue of U.S. News and World Report. In it, our fighting men state what they want.

NOT EVERY man can carry a gun, but he can stand up and be counted. War is dirty, so some men believe differently. But sometimes it is our only recourse in preserving freedom.

Sincerely,

Clifford D. Finch

Healthy Thing

Dear Editor,

A very healthy thing is happening around here. People are actually communicating with each other for a change. Some of them are sticking their necks out in an intelligent response to the need in our time to define himself through commitment to a set of consistent values and to beliefs that reflect these values.

OTHERS are more emotionally flattered about it and appear to be clamoring for recognition than for acceptance of their points of view. Then there are others who stand up, try to stand around and just listen to the first two groups as they argue over the issue of Vietnam. But in all three cases some fascinating stuff is going on in individual minds.

Of the last group, the spectators, some are making off scratching their heads. Others are laughing and making fun of somebody in one of the first two groups and still others are starting down at the ground with wrinkles in their faces . . . but all of them are wondering why down deep about where they stand and the deal (even the ones who are laughing the loudest . . . maybe especially the ones . . .).

OF THOSE in the second group, some are getting themselves embarrassed by members of group no. 1 by being exposed to inconsistencies in their long-held patterns, others are being forced to question why they ought to stand where they always thought they should, some are even being motivated to read books and magazines which aren't even required for classes!

In the first group the widest thing of all is going on—these people are actually learning to view others as unique individuals with worthwhile opinions. The Mormon RM's are throwing away their stereotyped labels of the "bearded rebel in cabots with Satan," and the young in sandals and robes are finding that all LDS stalwarts aren't "weak-minded, out-

horiously or shippin' idiots." Through intelligent argument they seem to discover the mysteriously sacred human bond which unites them both together—and what is this?—the bitter rivals even become friends.

WHAT RUNS through all this is that we are starting to honestly take a look at ourselves through meaningful communication with others—and this is a very healthy thing.

Alan Tingey

Embarrassed

Dear Editor:

It was a little embarrassing Thursday morning when no one knew the words to the opening song at the assembly. This situation need never recur if the Universe would print the songs to be sung by the congregation every Tuesday and Thursday.

Sincerely,

Larry Hood

Letter Ignored

Dear Editor:

Apparently some students had chosen to ignore, or worse, have completely missed the true import of our recent letter. We have no argument with those who wish to learn our BYU songs, nor a campus spirit per se. We do criticize, however, the means being used to force people to do so on three grounds:

1. Civilian incentives and punishment. We are surely out of place among people who call them selves adults.

2. Basis of freedom of choice is infringed upon if those who refuse to conform are to be made objects of ridicule.

3. Our student union organization is ineffective, students will learn these songs and show their enthusiasm of their own free will and "stand apologetic, desirous of knowing the songs."

BY WHAT MEANS has the "Operation Repertoire" or "Repertoire" Committee been chosen to spell it (both ways) determined that students and faculty alike are in full support of this drive? We are not sure. It is the duty of the faculty members who feel as we do.

Also, we are curious as to why we are called "holterous." We have not seen any program nor to stop anybody from doing as he wishes. We are accusing nobody to check their vocal qualifications. We are not pressuring the right to tell anybody how to cheer, sing or think. We just expect that others will grant us the same rights.

Monument Needed

Dear Editor:

The undersigned respectfully recommend that a monument be erected and dedicated to those who bravely characterized the "Operation Repertoire" movement in the Daily Universe on Thursday, 23 October 1965. It is further recommended that the memorial be entitled, "The Emancipators."

Unescorted Queen

Editor-Sir:

Am writing for enlightenment concerning the manner of presentation of the Homecoming Queen and Her Royal Court today at the Assembly—this is the first time I have ever witnessed unescorted Royalty.

Was wondering if the Homecoming Committee involved would "see" the manner of presentation of the "drift" as the purpose and/or reason behind the scenes. I'd like to know if this action is "fud" or the "good thing."

Respectfully,

Soviet-French Talks Continued

DISCOW, (AP)—The foreign ministers of France and the Soviet Union agreed Tuesday to continue at a level talks that could lead eventually to a new grand design Soviet-French cooperation on open security.

JOINT COMMUNIQUE Foreign Minister Couve de Murville read to Paris with an invitation French President Charles De Gaulle to continue the talks in Moscow on the summit level. Couve de Murville also had a message made by Soviet Foreign Minister Andrei Gromyko in a press speech that the Kremlin prepared to develop relations in France in every field—political, technical, cultural and scientific.

that Couve de Murville's five days of talks with top Soviet leaders involved little more than a broad restatement of well-known views.

But the stress which both sides put on the need to continue the high level meeting gave the talks added significance.

THE EMPHASIS was put on Russia and France as "European Powers" striving to improve understanding between eastern and western Europe. The continental approach appeared to downgrade any U.S. or British role in solving European problems.

The time of Couve de Murville's talks with Gromyko and Communist Party Leader Leonid Brezhnev here and with Premier Alexei Kosygin and President Anastas Mikoyan on the Black Sea also gave

them added significance.

COUVE DE MURVILLE was the first foreign minister from France, Britain, West Germany or the United States to meet personally with the men who succeeded Nikita Khrushchev in October 1964.

The Soviet press has praised De Gaulle's nationalistic policies, such as his opposition to the U.S.-backed proposal for a nuclear force for the North Atlantic Treaty Organization, as evidence of a realistic approach to the Communist East.

IT WAS CLEAR that the Russians hoped the next step would be a meeting with De Gaulle. Mikoyan, Kosygin and Gromyko all renewed the invitation to the French president.

The French said the matter could not be discussed until after the French presidential elections Dec. 5.

College Board Offers Salaried June For Coeds

Next spring, "Mademoiselle" magazine will invite 20 college students to spend a salaried June in New York City, round-trip transportation paid.

These guest editors will share offices with regular editors, learn about publishing, and help edit "Mademoiselle's" August issue. In addition to their regular department assignments, they will conduct interviews with well-known writers, artists, and designers.

Diversions amidst the deadlines include appearing in "Mademoiselle's" college fashion show and being treated to new hair-dos and makeup at a famous New York beauty salon.

The competition is designed for those who have ability in writing, editing, research, art, photography, layout, fashion, beauty, promotion, merchandising, or advertising, as well as for those who are able to spot campus trends, report college news, and come up with original ideas.

Deadline for the first of three assignments is November 15. Contact Linda Fales in the Universe office, fifth floor of the Wilkinson Center, for entry forms.

Ogden Trails Rushers By One Yard...

Carter Assumes WAC Offense

Carl Bradford, flashy New Mexico halfback, has moved a yard ahead of Brigham Young's John Ogden to take the lead in rushing in the Western Athletic Conference.

With 418 yards according to statistics released Tuesday by Commissioner Paul W. Brechler.

OGDEN, LAST YEAR'S league champion, was held to 23 yards by Utah State, while Bradford ran for 94 against San Jose State.

Vinyl Carter, BYU quarterback, passed for 361 yards against Utah State to widen his total offense lead over Arizona State's John Goodman. Carter has amassed 1146 total yards to Goodman's 892, although the latter still sets the pace in passing, with 979 yards to Carter's 917.

ALTHOUGH PHIL ODLE, Brigham Young, failed to tally, his 48 points made in earlier games kept him ahead in scoring. New Mexico's Carl Jackson moved up to 42, and Arizona State's Ben Hawkins jumped to third with 38.

Hawkins continues to lead in pass receiving with 30 catches, good for 454 yards. He also moved to third in punt returns by making a 60-yard scoring sprint against Texas Western.

KENT OBORN, BYU, maintained his lead in punt returns, boosting his total to 177 yards.

Arizona State's Chuck Kolb improved his punting average to 44.0, just one-tenth of a yard behind Jerry DePoyster, Wyoming, who ranked first in the nation last week, with 44.1. Kolb led the national list two weeks ago with 44.0, but dropped to third in last week's compilations.

Co-Rec Winners Announced By Intramurals

Co-recreational badminton and volleyball have ended with Shirree Abbott and Dave Christensen badminton singles winners.

In the volleyball finals the Graduate Teaching Assistants beat the Irtanian club and will be awarded trophies.

Junior quarterback Virgil Carter seems to have taken on the task of rewriting the record book singlehandedly. Last week he broke the records for pass completions, attempts and total offense. Photo by Stan Hodge.

Spartans End Stalemate As Number 1 Grid Team

NEW YORK (AP)—Powerful Michigan State lightened its hold on the No. 1 spot as Arkansas, Nebraska and Notre Dame continued as close pursuers Monday in the Associated Press' weekly college football poll.

THE STANDINGS in the top ten underwent a vigorous shakeup on the lower levels after losses by Louisiana State, Florida, Purdue and Texas.

All four teams dropped from the rankings, making way for a quartet of new challengers—Georgia Tech, UCLA, Missouri and Kentucky.

THE MICHIGAN State Spartans, who crushed Northwestern 49-7 for their seventh straight victory, broke the near stalemate at the top of the ladder by polling 36 of the 50 first place votes by the special panel of sportswriters and broadcasters.

Arkansas, winner over Texas A & M 31-0, was second and Nebraska, which edged Missouri 16-14, held third place closely followed by Notre Dame. The Irish walked off Navy 29-3.

ARKANSAS and Nebraska, like Michigan State, are unbeaten in seven games. The Irish have only one loss on their record—an early season defeat by Purdue.

Following are the Top Ten with their season records in parentheses:

1. Michigan State (7-0)
2. Arkansas (7-0)
3. Nebraska (7-0)
4. Notre Dame (5-1)
5. Southern California (4-1-1)
6. Georgia Tech (4-1-1)
7. UCLA (4-1-1)
8. Missouri (4-2-1)
9. Kentucky (4-2-1)

Others receiving votes, listed alphabetically: Clemson, Dartmouth, Florida, Georgia, Illinois, Louisiana State, Mississippi, Mississippi State, Ohio State, Princeton, Purdue, Syracuse, Tennessee, Texas, Texas Tech, Tulsa, Utah State, Washington, Washington State, and Wyoming.

Breedlove Sets Speed Record

BONNEVILLE SALT FLATS (AP)—A new world land speed record of 555.127 miles an hour was set on these western Utah salt flats by Craig Breedlove, a 23-year-old hot rodder from the Los Angeles area.

He broke the old mark of 336.71 m.p.h. held by Art Aronson of Akron, Ohio.

On one of the required two runs from which the average is computed, Breedlove was clocked at a speed of 556.394 m.p.h. but the record goes down as the average of two runs.

Health Center Has Problems From Students

Appointments not kept and activity cards "forgotten at home" create problems at the MacDonald Health Center.

DR. CLOYD C. HOFHEINS, director of the Health Center, reported an increasing number of students have been calling for appointments which they do not keep.

He said that not keeping appointments results in loss of time that could be used by other students who need care and would keep their appointments.

DR. HOFHEINS urged that appointments which cannot be kept should be cancelled as soon as possible. If this is not done, he advised, disciplinary action will be taken.

Another problem, he continued, is caused by students who seek care at the Health Center but are not able to produce their activity cards.

DR. HOFHEINS explained the activity card is necessary to discriminate between full-time students and other individuals who are not eligible for attention at the Health Center.

BYU Library Carrels Regulations Explained

Have you wondered what it takes to reserve a library carrel for your own use?

FOR ONE THING it takes time, unless you are a graduate, then it takes a thesis paper.

Acting Director of the J. Nelson Clark Library, Donald K. Reuben, explained that graduate students working on their theses have first choice to the carrels and lockers which are located on the north side of the library.

NEXT IN PREFERENCE for the use of these facilities would be seniors who have been assigned research requiring extensive use of the library.

These carrels may be used by anyone but must be vacated at the request of the assigned student.

MR. NELSON stated that some students reserve carrels by leaving their books on the tables or seats while they are away from the library.

If another student wishes to make use of these "reserved" seats they are encouraged to do so by pushing the books aside or setting them on the floor, the director added.

AVAILABLE for graduates and faculty is the inter-library loan service. This is a method whereby persons may get books from other libraries by paying the cost of postage.

The charge for this service is 4 to 5 times below the actual cost, and therefore, the service is reserved for graduates and faculty.

THE MUSIC LISTENING service on the fifth floor are available to all students, but only those having class assignments should use the facilities during the rush part of the day.
